

PROFESSIONAL SUMMARY

Analytical and detail driven Data Analyst skilled in Python, SQL, Power BI, and Excel with expertise in data cleaning, validation, and performance analysis. Strong record of transforming complex datasets into actionable insights through dashboards and storytelling, using Pandas, NumPy, and Matplotlib for analysis and automation. Experience resolving data discrepancies, validating records against source documents, and standardizing entry processes to reduce recurring errors, with a keen interest in applying AI and Machine Learning concepts to drive smarter business decisions.

EXPERIENCE

- **Force Motors Ltd.** Pune, Maharashtra
Graduate Engineer Trainee (GET), Operations Department Sept 2025 - Aug 2026
 - **Data Validation:** : Processed and validated daily production and inventory records in SAP, cross checking entries against physical stock and source documents to ensure zero discrepancies before report submission
 - **SAP Entries:** : Maintained structured SAP data entries for material movement, production output, and vendor transactions, ensuring all records were updated within 24 hours and accurate for audit purposes
 - **MIS Reporting:** : Prepared structured MIS reports summarizing production KPIs and operational data, presenting findings to cross functional teams to ensure clear communication of data driven insights
 - **Process Improvement:** : Identified mismatches between physical inventory counts and SAP entries, investigated root causes, and coordinated with stores and logistics teams to correct records, reducing recurring data errors by standardizing the entry process

PROJECTS

- **OLA Booking Data Analysis**
Python, PostgreSQL, Power BI, PowerPoint
 - **ETL & EDA:** : Performed end to end ETL, EDA, and data validation on 100,000+ OLA ride booking records using Python (Pandas) and PostgreSQL, surfacing booking patterns, cancellation drivers, and revenue performance across 7 vehicle types
 - **Dashboard:** : Built a 5 page interactive Power BI dashboard with dynamic date slicers, revealing a 62.09% ride success rate, 24.86% cancellation rate, and Auto as the top revenue generating vehicle type at 7.69M INR
 - **Recommendations:** : Delivered data driven strategy recommendations (GPS tracking, peak hour deployment) that identified opportunities for revenue growth and churn reduction
- **Customer Shopping Behavior Analysis**
Python, PostgreSQL, Power BI, PowerPoint
 - **Analysis:** : Conducted end to end analysis of 3,900 transactions across 18 features using Python for data cleaning and feature engineering, and PostgreSQL for 10 targeted business KPI queries
 - **Insights:** : Uncovered an 82,699 USD revenue gap between male and female segments and identified Hat, Sneakers, and Coat as the top 3 discount dependent products (over 49% discount rate)
 - **Dashboard:** : Produced an interactive Power BI dashboard tracking 59.76 USD average purchase, 3.75 average rating, and segment distribution (Loyal: 3,116, Returning: 701, New: 83), informing loyalty program and marketing recommendations

TECHNICAL SKILLS

- **Languages & Databases:** Python (Pandas, NumPy, Matplotlib, Seaborn), SQL (PostgreSQL, MySQL)
- **Tools & Platforms:** Power BI (Power Query), MS Excel (Pivot Tables, VLOOKUP, XLOOKUP), MS Word, MS PowerPoint, SAP (PM/MM Modules), SAP Analytics Cloud (SAC), Tableau, Git, Jupyter Notebook, Google Colab, GitHub
- **Data Expertise:** Exploratory Data Analysis (EDA), Data Wrangling, Data Validation, Statistical Modeling, Hypothesis Testing, Dashboard Development, ETL Processes, KPI Reporting

TRAINING

- **Data Science and Python Training** — Bharat Soft Solutions
 - Designed to equip individuals with the skills and knowledge required to analyze, interpret, and derive insights from complex data sets using Python.
 - This training covers a broad range of topics, from fundamental programming concepts to advanced machine learning techniques, providing a comprehensive understanding of how to harness the power of data for various applications.
 - Provides a well rounded understanding of leveraging data for diverse applications.

CERTIFICATIONS

- Data Analytics Certification — Udemy Solution
- Data Science and Python Training Certification — Bharat Soft Solutions
- SAP Analytics Cloud Certification — Udemy

EDUCATION

- | | |
|--|----------------------|
| • Dr. D. Y. Patil Institute of Engineering, Management and Research | Pune, Maharashtra |
| • <i>Bachelor of Engineering in Mechanical Engineering; CGPA: 7.56</i> | 2022 – 2025 |
| • Government Polytechnic Jalgaon | Jalgaon, Maharashtra |
| • <i>Diploma in Mechanical Engineering; Percentage: 84.10</i> | 2019 – 2022 |
| • New English Medium School | Erandol, Maharashtra |
| • <i>SSC (Class X); Percentage: 86.60</i> | 2019 |
